

# CARA

Acoustic wall systems designed to bring texture, softness, and quieter experiences into everyday spaces.

## Softness You Can Feel

Cara combines acoustic comfort with textured surfaces and layered forms to create spaces that feel calmer, warmer, and visually balanced.

## Walls with Depth

3D tiles, ribs, curves, and layered patterns help transform ordinary walls into softer and more expressive surfaces.

**Prefab and Ready to Install**  
Built as lightweight prefab fabric panels that are easy to install, maintain, and adapt across different spatial needs.

## Designed for Everyday Spaces

Ideal for workplaces, hospitality spaces, retail, lounges, educational setups, and public interiors.

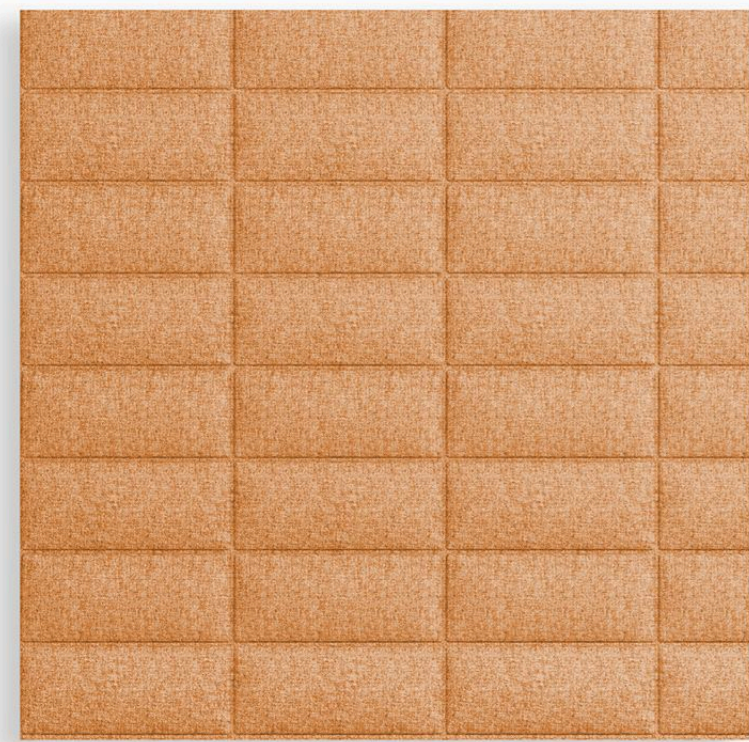

## Quietly Functional

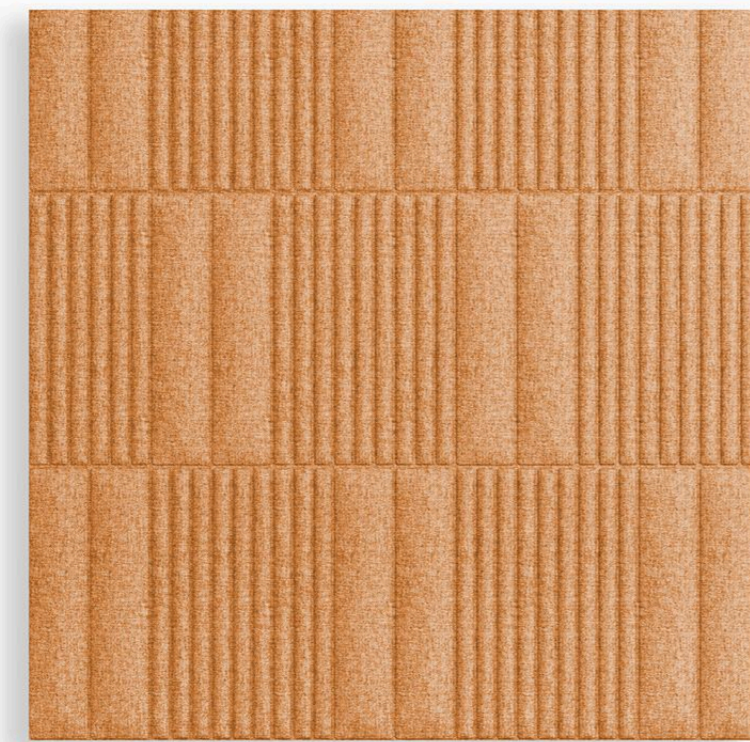

Helps improve acoustic comfort while adding warmth, texture, and a stronger visual character to the space.

# Flexible configurations for different spaces and needs.
