

PLUSH

Acoustic wall systems that combine colour, craftsmanship, and playful forms with everyday functionality.

Bold, Soft, and Expressive

Plush brings together acoustic comfort, vibrant colours, and sculptural detailing to create spaces that feel more energetic, playful, and inviting.

Crafted to Stand Out

Patterns, curves, textures, and layered forms help create feature walls that add personality and movement to the space.

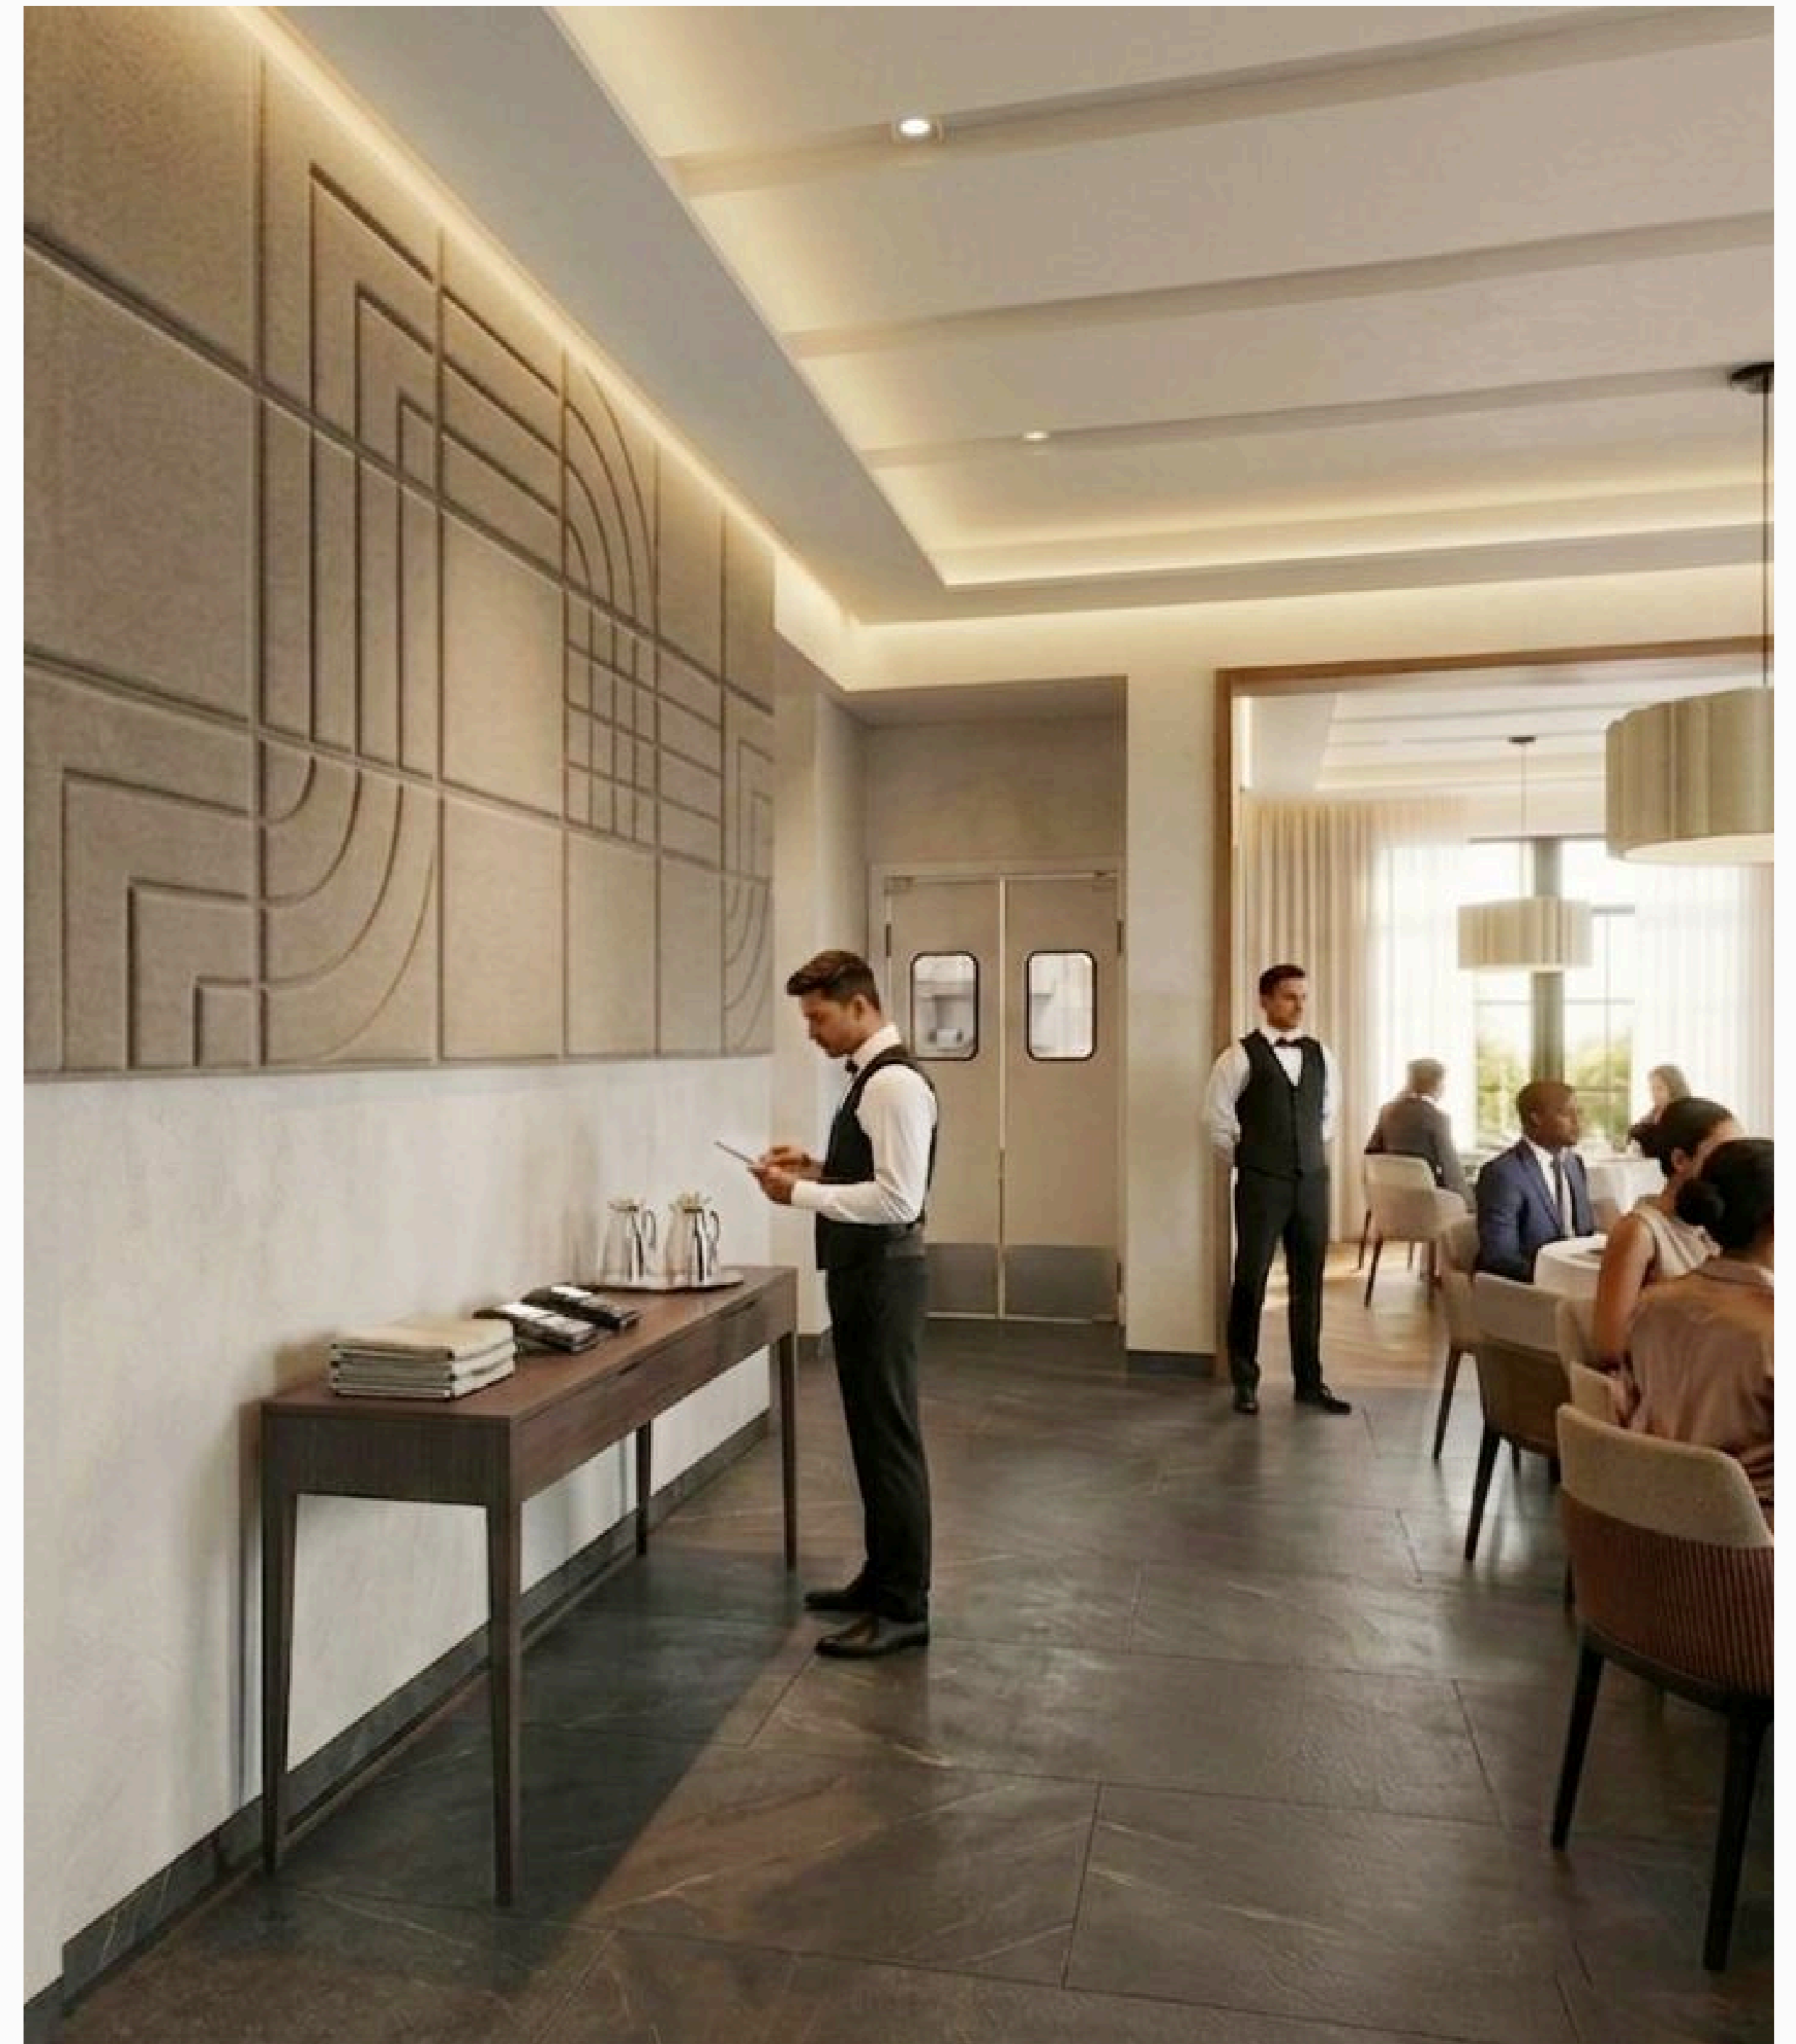

Flexible by Design

Customizable and modular systems designed for wall and ceiling applications across different spatial layouts.

Colour with Character

Bold finishes and softer materiality help create spaces that feel visually richer while still maintaining acoustic comfort.

Made for Shared Spaces

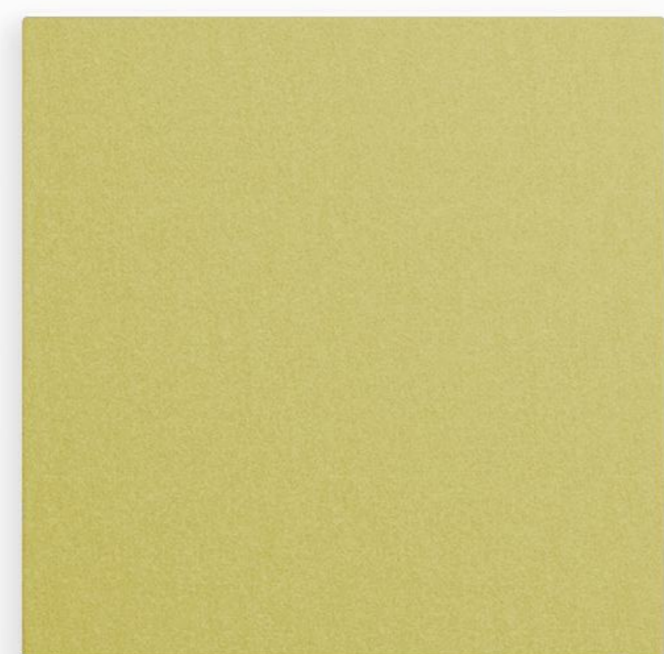

Ideal for workplaces, hospitality spaces, lounges, retail, educational setups, and public interiors.

Flexible configurations for different spaces and needs.
