

ARC

Curved acoustic lighting designed to bring softness, texture, and seamless illumination into modern spaces.

Fluid by Design

Arc combines soft curves, textured design, and seamless lighting integration to create spaces that feel warmer, calmer, and more visually connected.

Light that Flows Naturally

Its continuous LED integration creates a softer visual rhythm across workplaces, hospitality spaces, lounges, and collaborative setups.

Designed to Scale

Expandable lengths allow Arc to adapt easily across different layouts and architectural requirements.

**We exist to bring happiness,
human emotion, and a good
feeling to life.**
