

BEAM

Linear acoustic lighting designed with engraved detailing and a cleaner architectural presence.

Minimal, with Character

Beam brings together sleek geometry, engraved textures, and acoustic functionality in a form that feels structured, warm, and quietly expressive.

Crafted with Purpose

Made using recycled PET material to support more conscious and sustainable spaces.

Designed for Modern Interiors

Its slim suspended design works naturally across workplaces, hospitality spaces, lounges, and public interiors.

Flexible configurations for different spaces and needs.

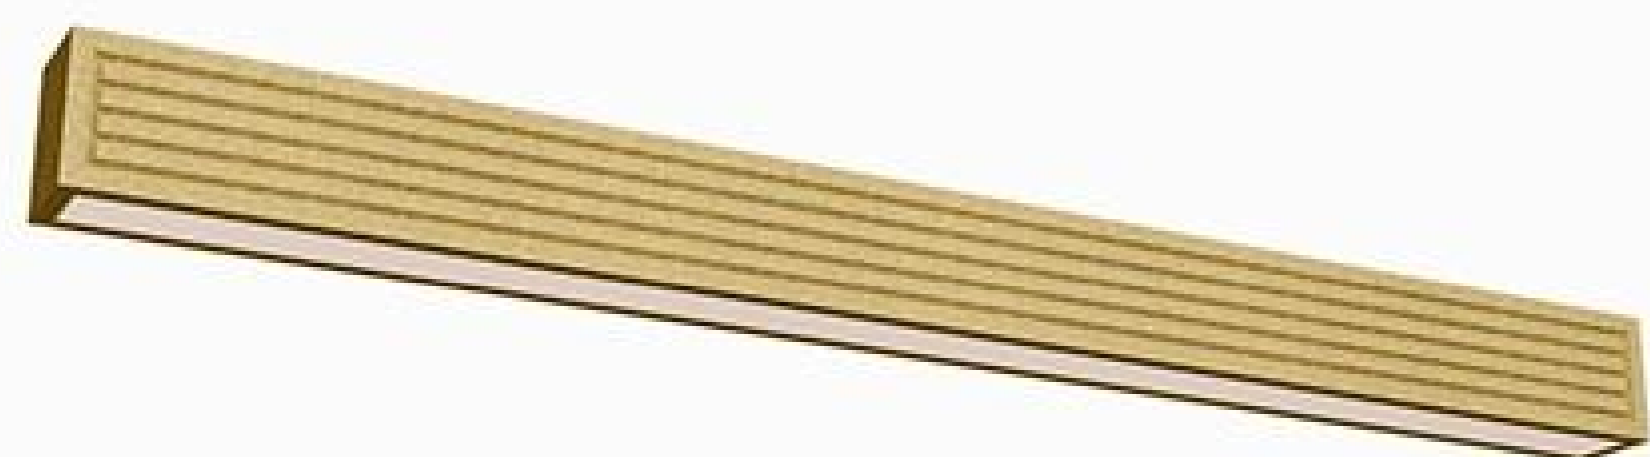

Variants
