

HEX

Playful space dividers designed for workplaces, open spaces, hotel lounges, and more.

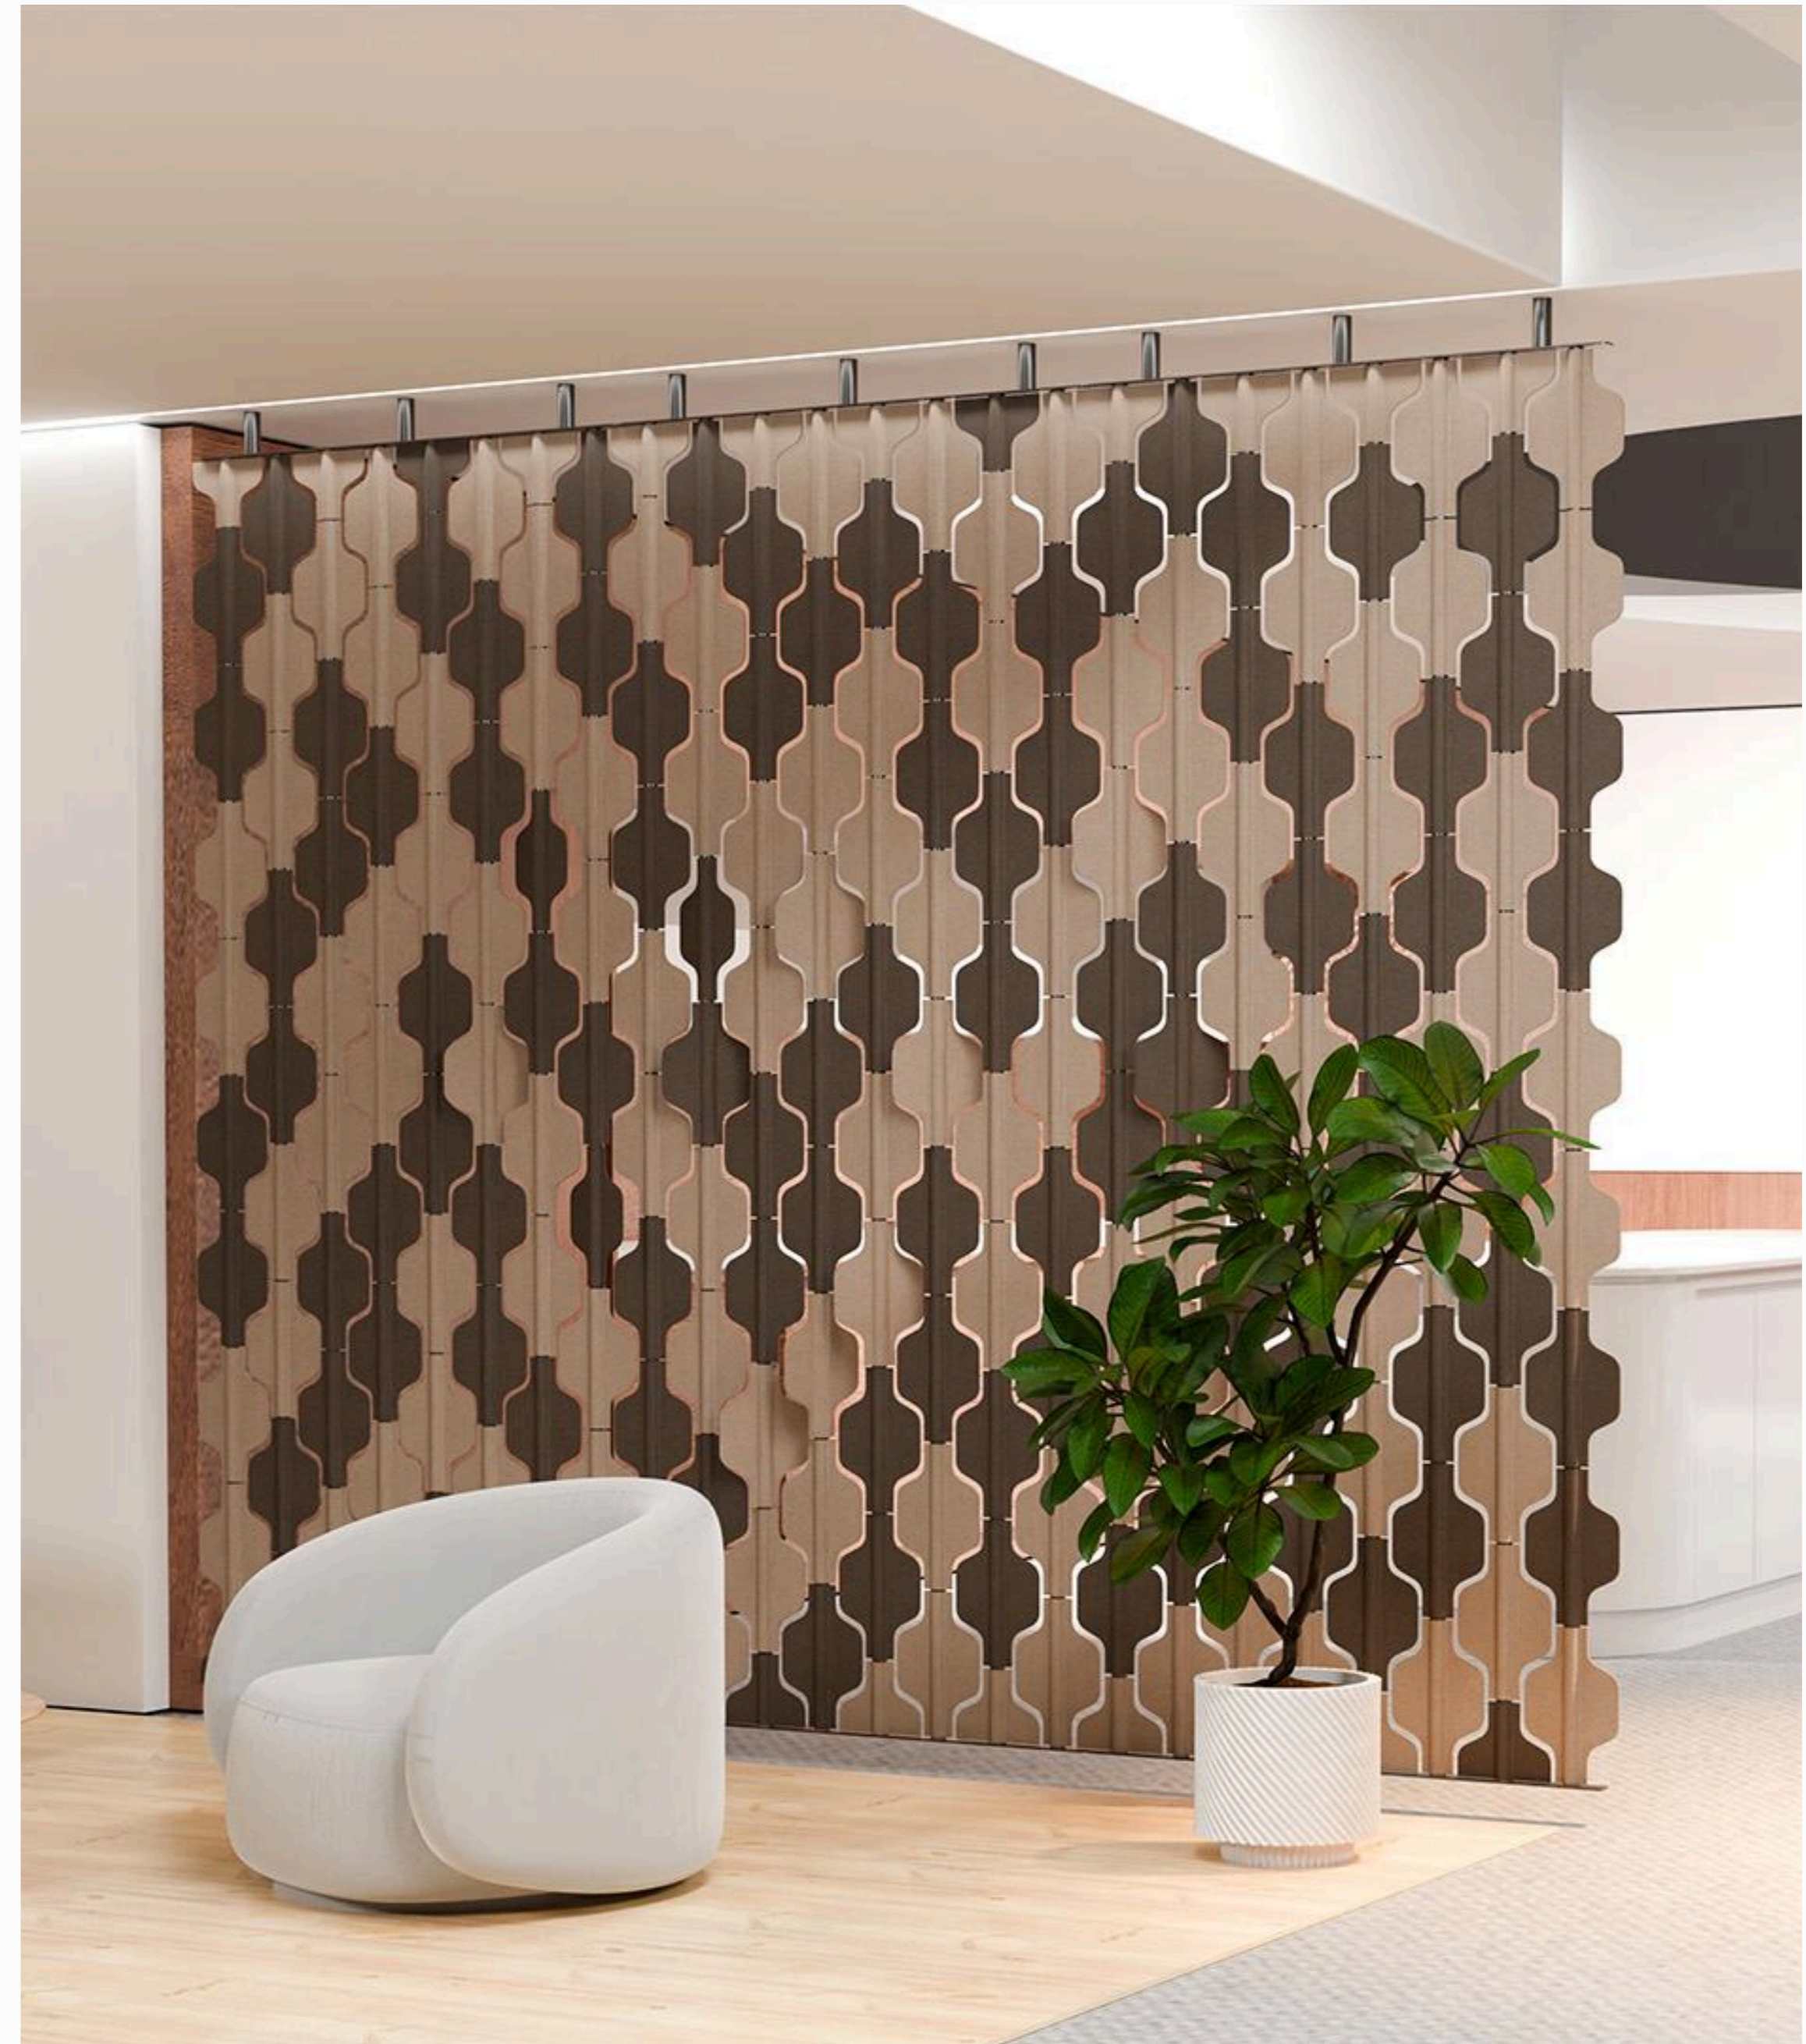

Playful and Architectural

Hex is a lively way to divide space. Its modern design, bold colours, and acoustic softness helps spaces feel more flexible, expressive, and alive.

Designed to Stand Out

Its self-supporting structure allows individual panels to rotate freely, opening and closing to adapt the space as needed.

Colour with Character

Available in multiple finish options and dual-tone combinations, Hex adds visual energy and a stronger sense of personality to spaces.

Flexible by Nature

Available in both floor-mounted and suspended configurations for different spatial layouts and applications.

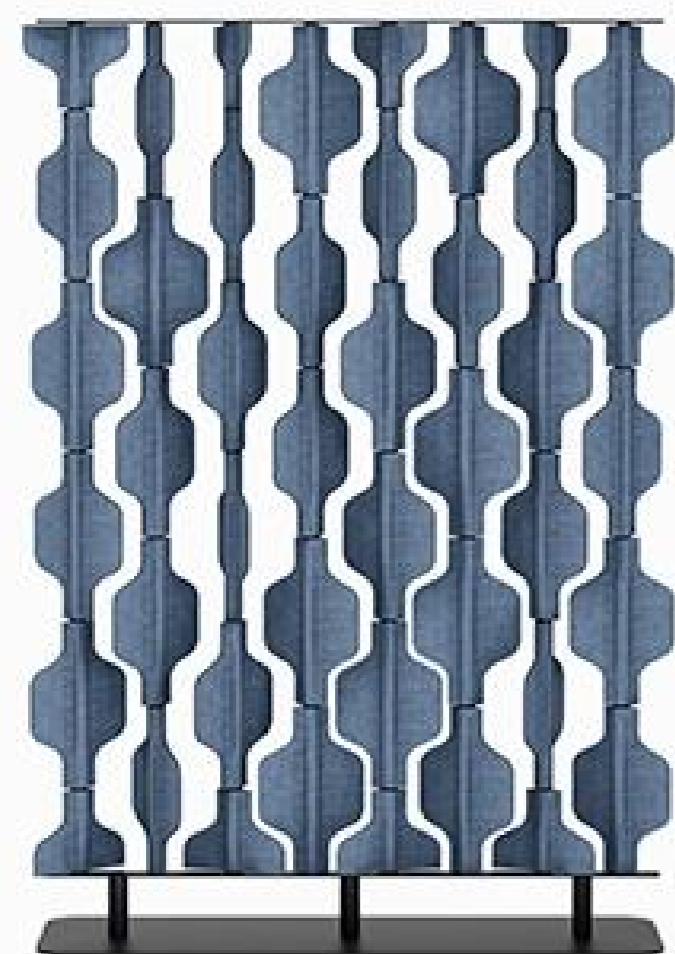

Made for Shared Spaces

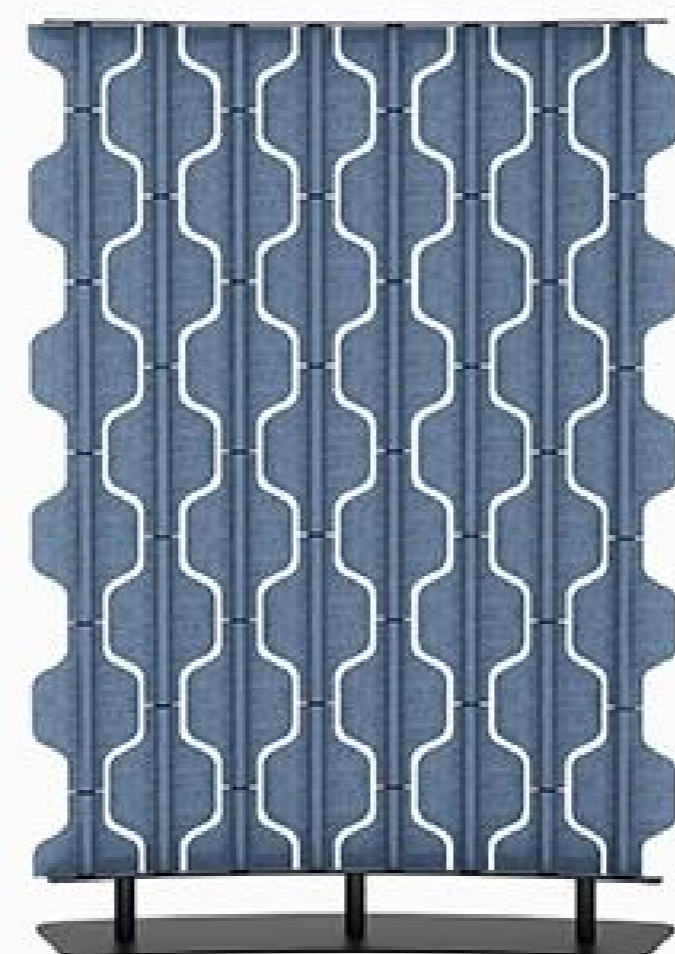

Ideal for workplaces, hospitality settings, educational setup, lounges, breakout zones, and collaborative areas.

Flexible configurations for different spaces and needs.
