

LINK

Movable space divider collection
designed for collaborative and
focused everyday use.

Designed to Move with People

Link helps open spaces adapt quickly through its everyday functionality making them feel more purposeful and productive for its users.

Create Focus Zones Instantly

Its interlocking system allows multiple dividers to come together and form semi-private pods for focused work, collaboration, or learning.

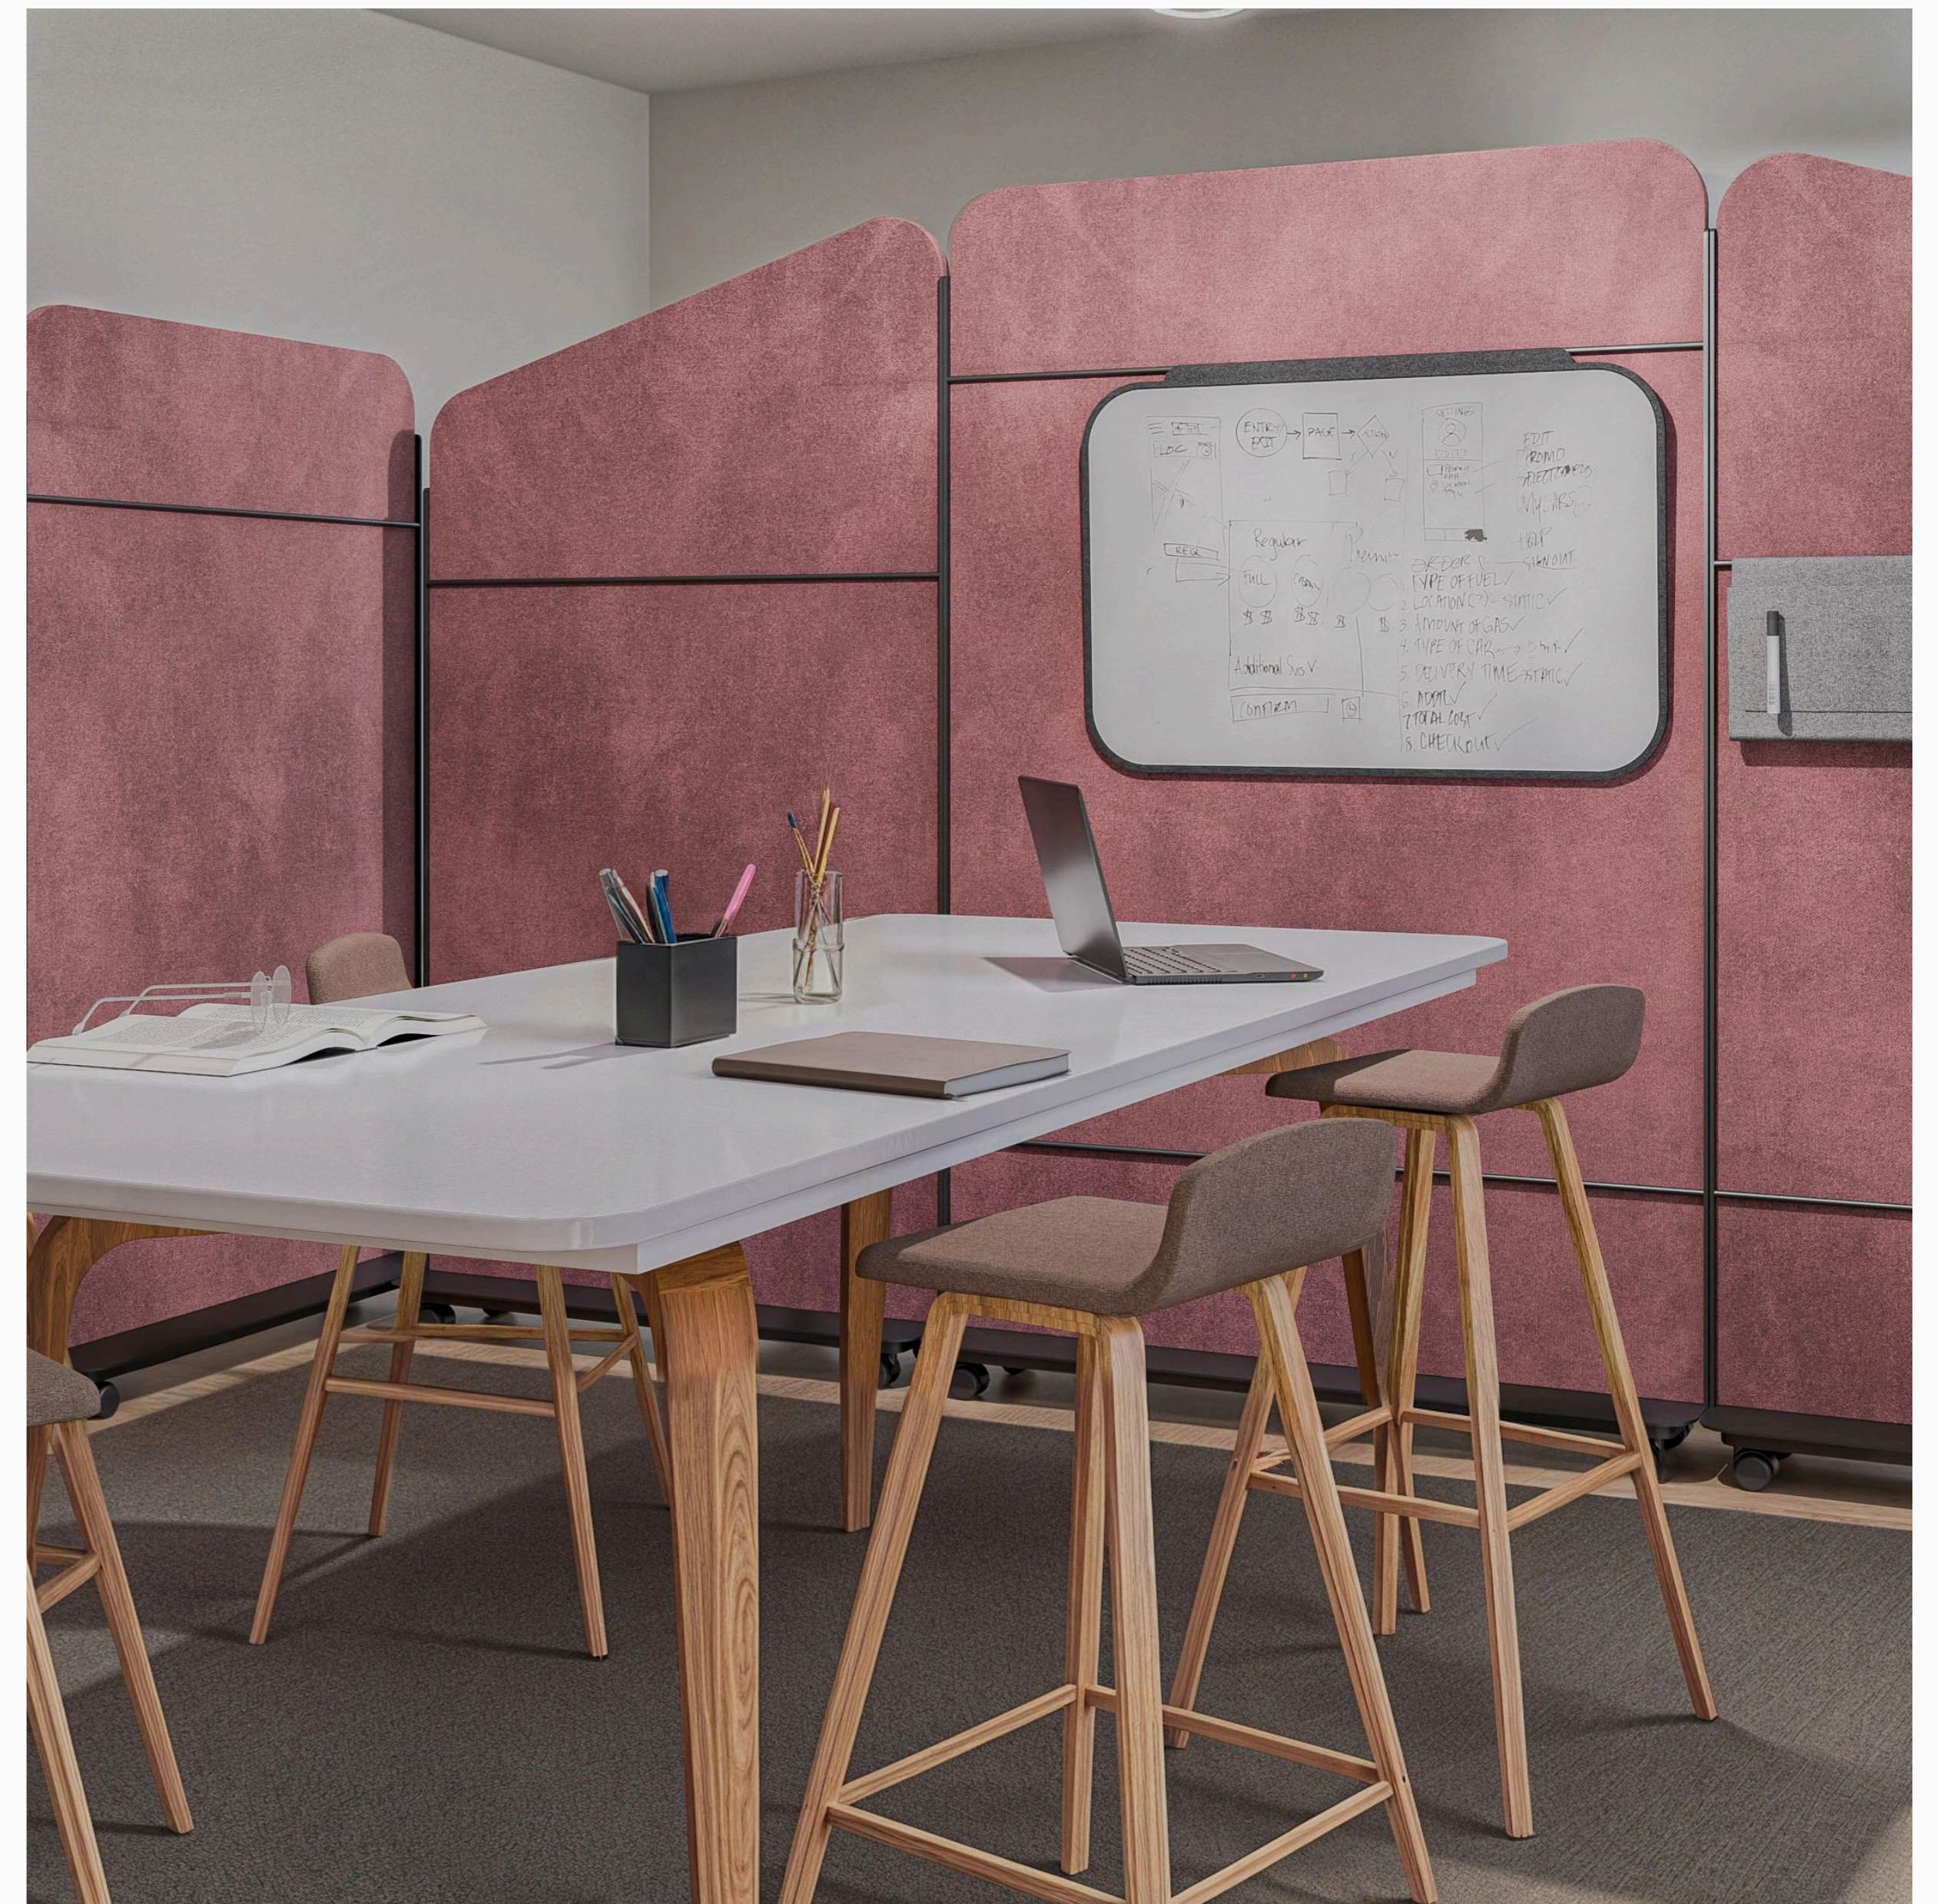

Move, Reconfigure, Repeat

Integrated castors make Link easy to reposition, reshape, and adapt as spatial needs change throughout the day.

Built for Everyday Utility

Optional accessories like felt managers and magnetic writing boards add functionality for more active and collaborative environments.

Clean and Functional

Designed to bring acoustic softness, visual separation, and a more organised feel into shared spaces.

Flexible configurations for different spaces and needs.
