

PUNCH

Lightweight acoustic dividers designed for workplaces, shared spaces, and hospitality settings.

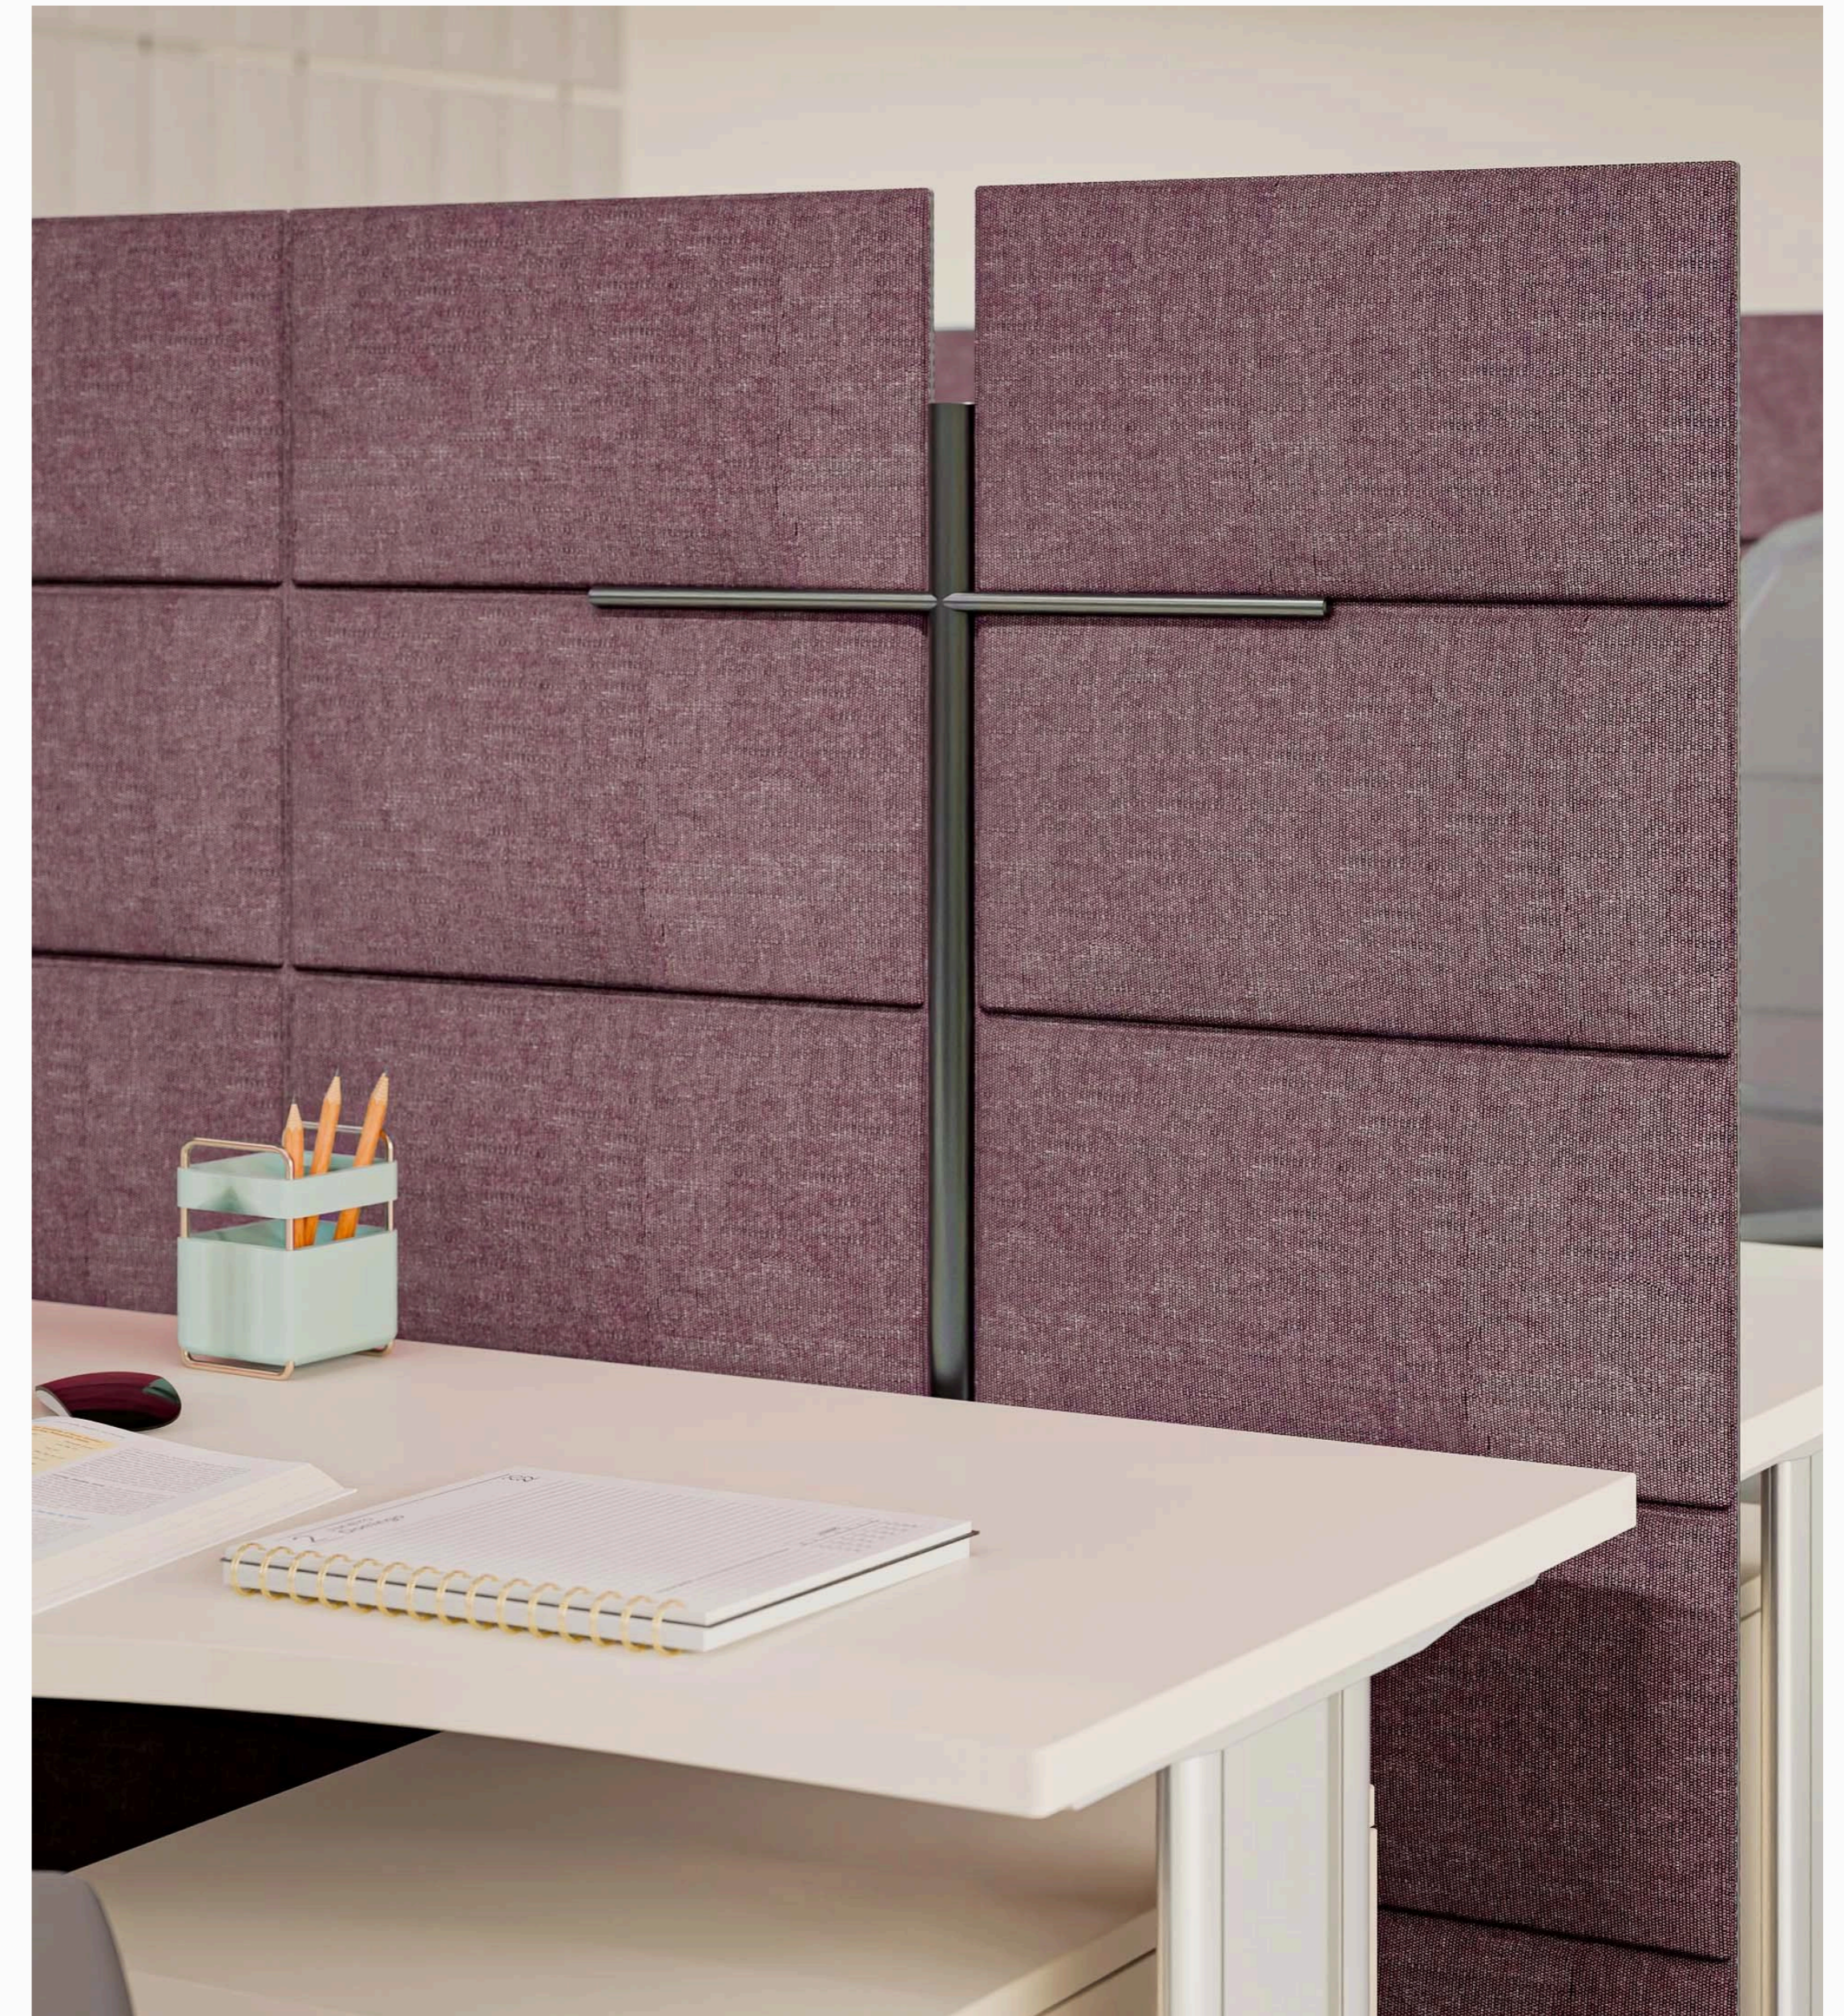

Light in Form, Strong in Presence

Punch brings together acoustic comfort, geometric design, and flexibility in a form that feels adaptable across changing environments.

Easy to Move

Its lightweight structure makes Punch easy to position, move around, and adapt across different layouts and everyday needs.

Geometry with Depth

The perforated design adds texture, rhythm, and a more contemporary visual character to open spaces.

Flexible by Design

Available in both freestanding and suspended configurations for different applications and zoning needs.

Designed for Open Spaces

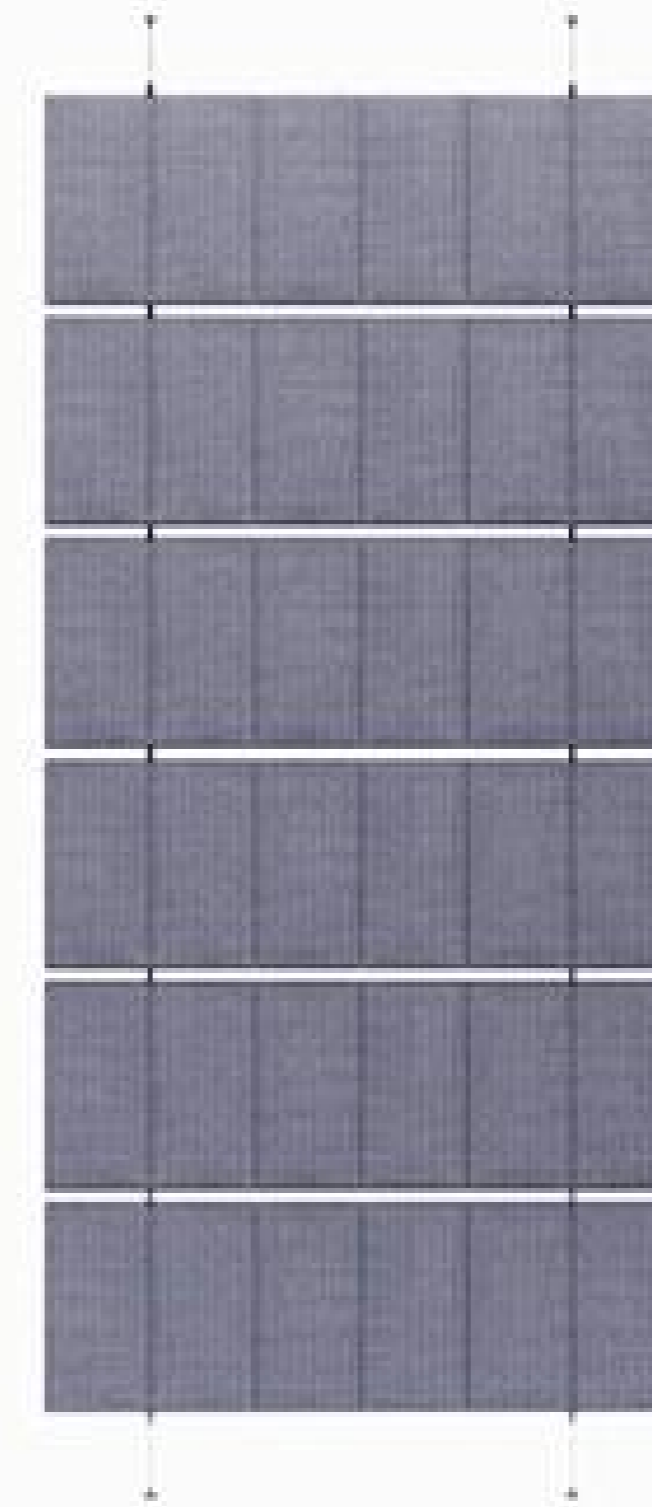

Ideal for workplaces, hospitality settings, educational setups, breakout zones, and collaborative spaces.

Flexible configurations for different spaces and needs.
