

SORA

Curtain system that shapes space,
absorbs sound, and moves with ease.

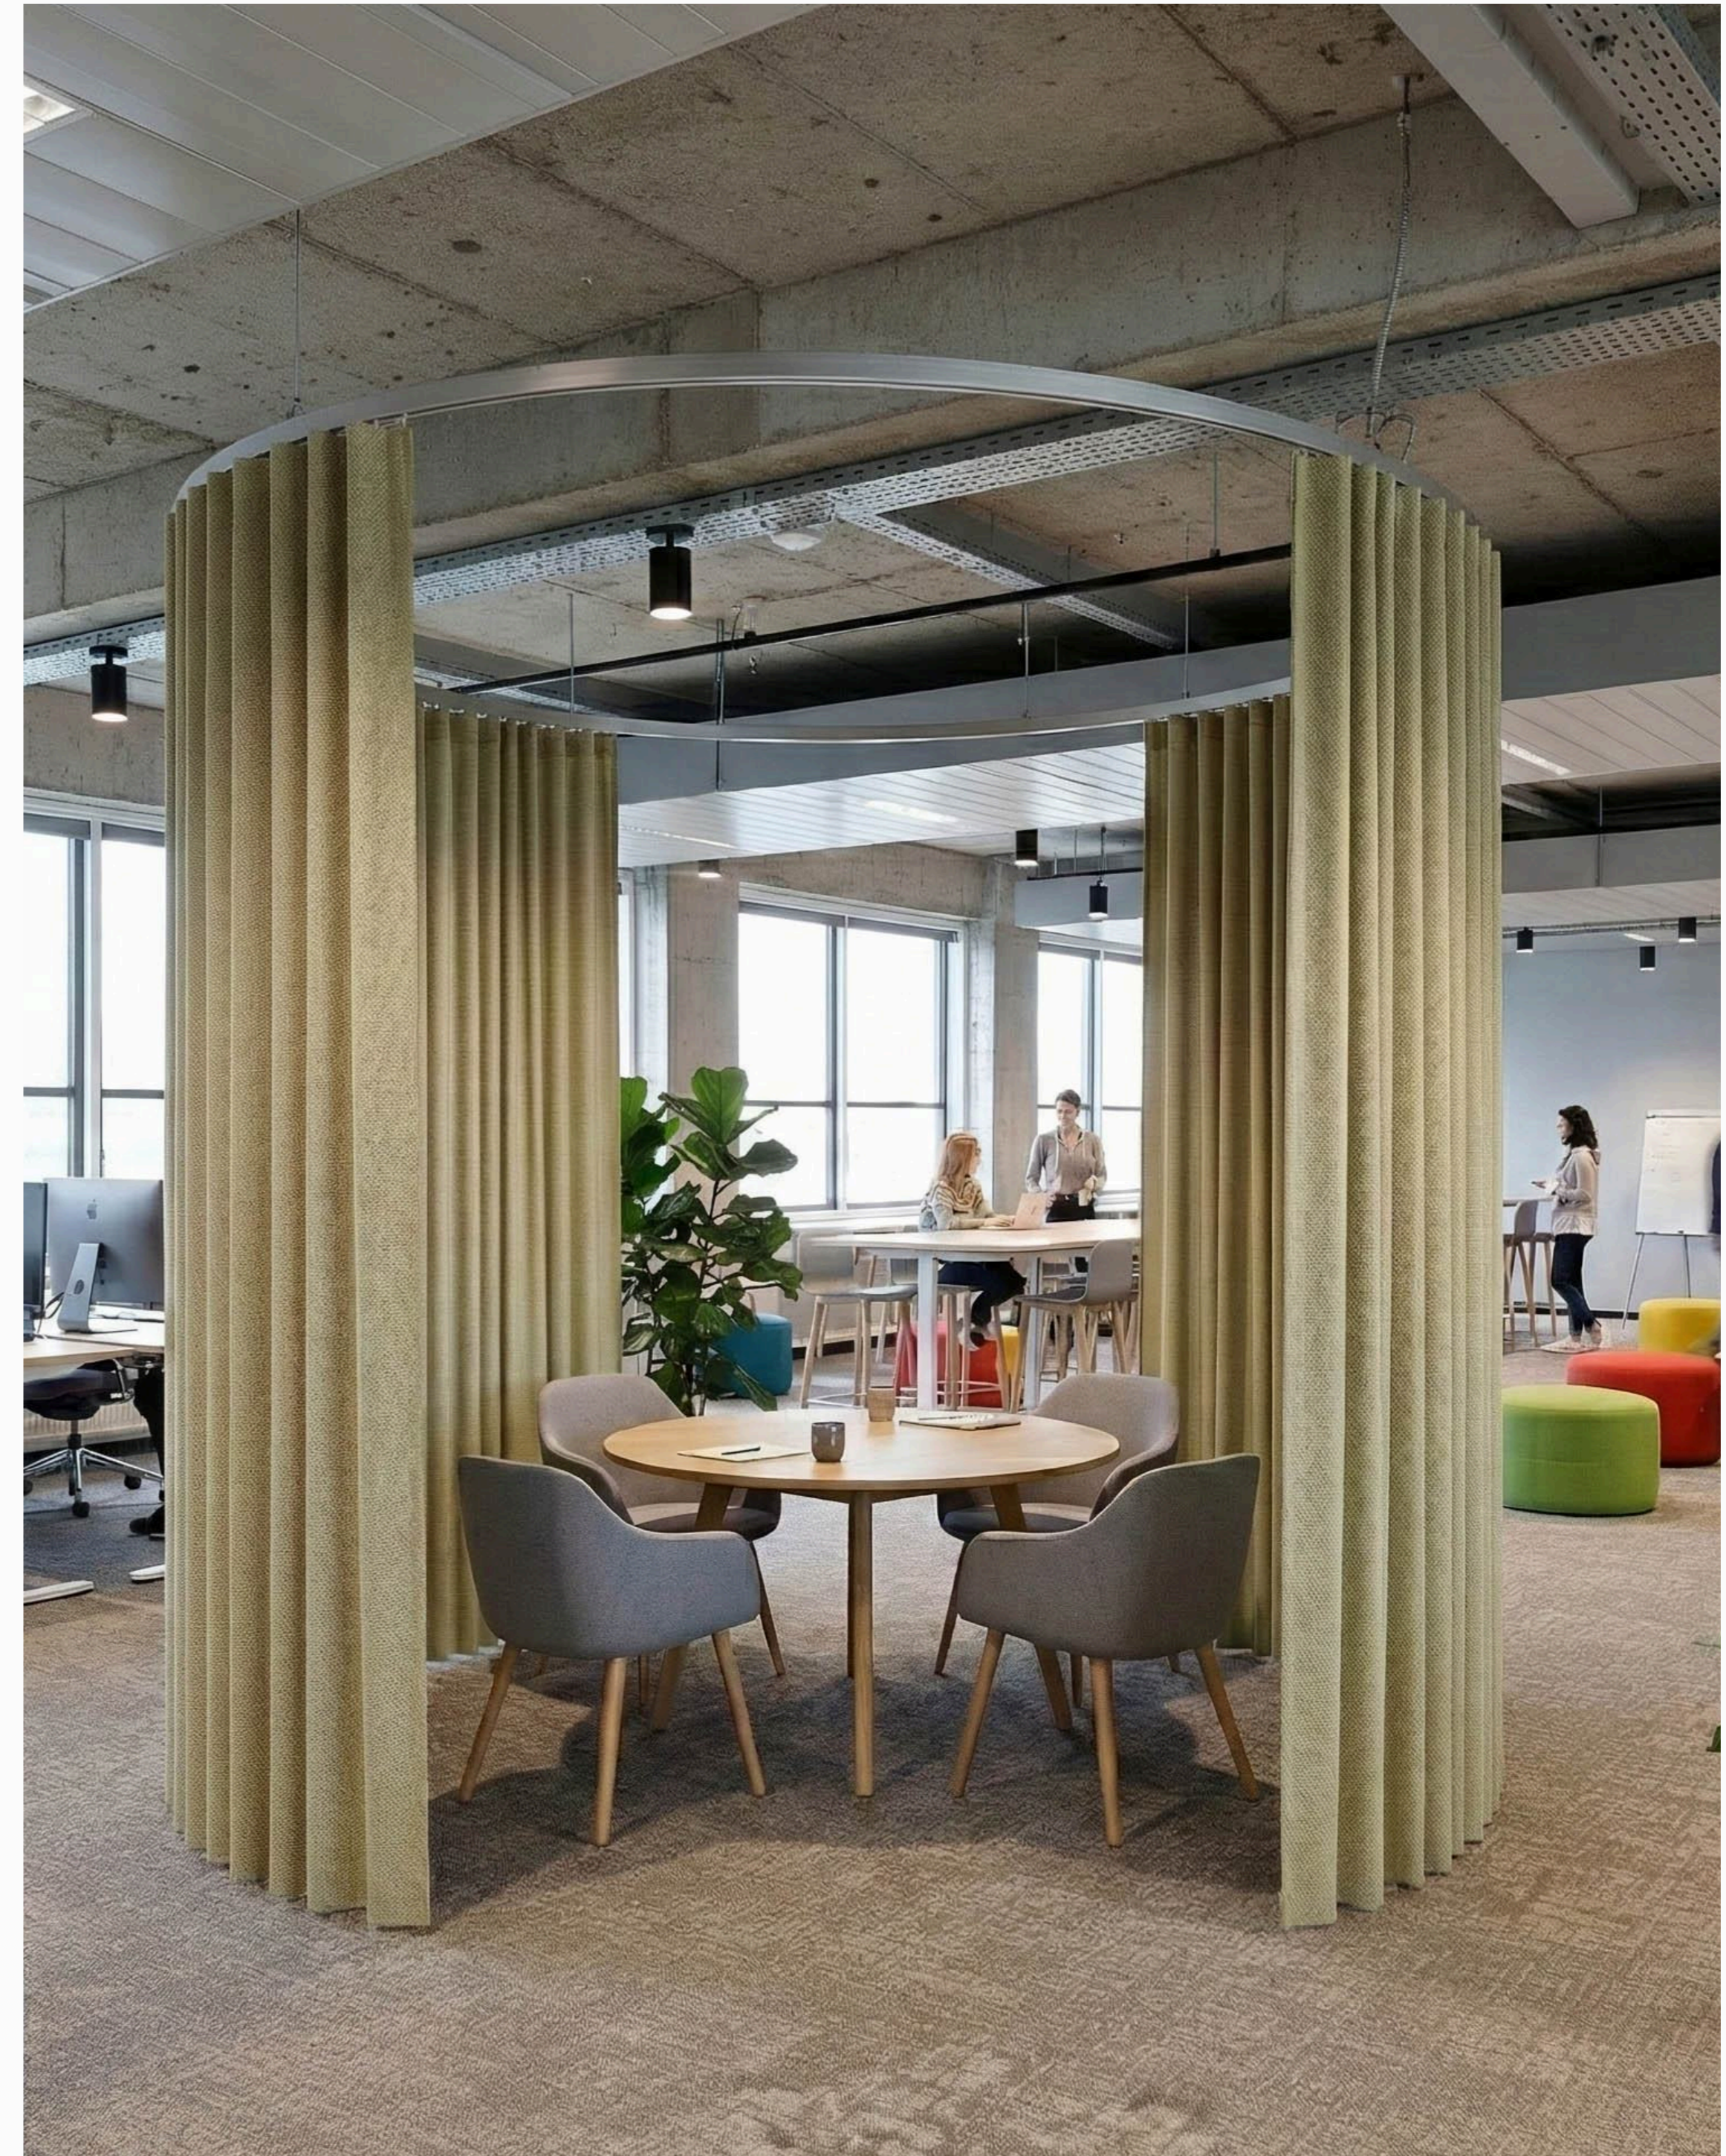

Flexible and Human

Sora creates privacy when needed, opens up when not, and helps open spaces feel more calm, flexible, and human.

Create Quieter Zones

Reduce sound spill while keeping spaces open, warm, and easy to use without permanent construction.

Adaptable Configurations

Available in multiple shapes and pleat options for different spatial needs.

Designed for Better Conversations

Creates softer, more intimate dining pockets that help conversations feel calmer, more comfortable, and less affected by surrounding noise.

Soft by Design

Available in refined colours and finishes that add warmth, softness, and a more intimate mood to spaces.

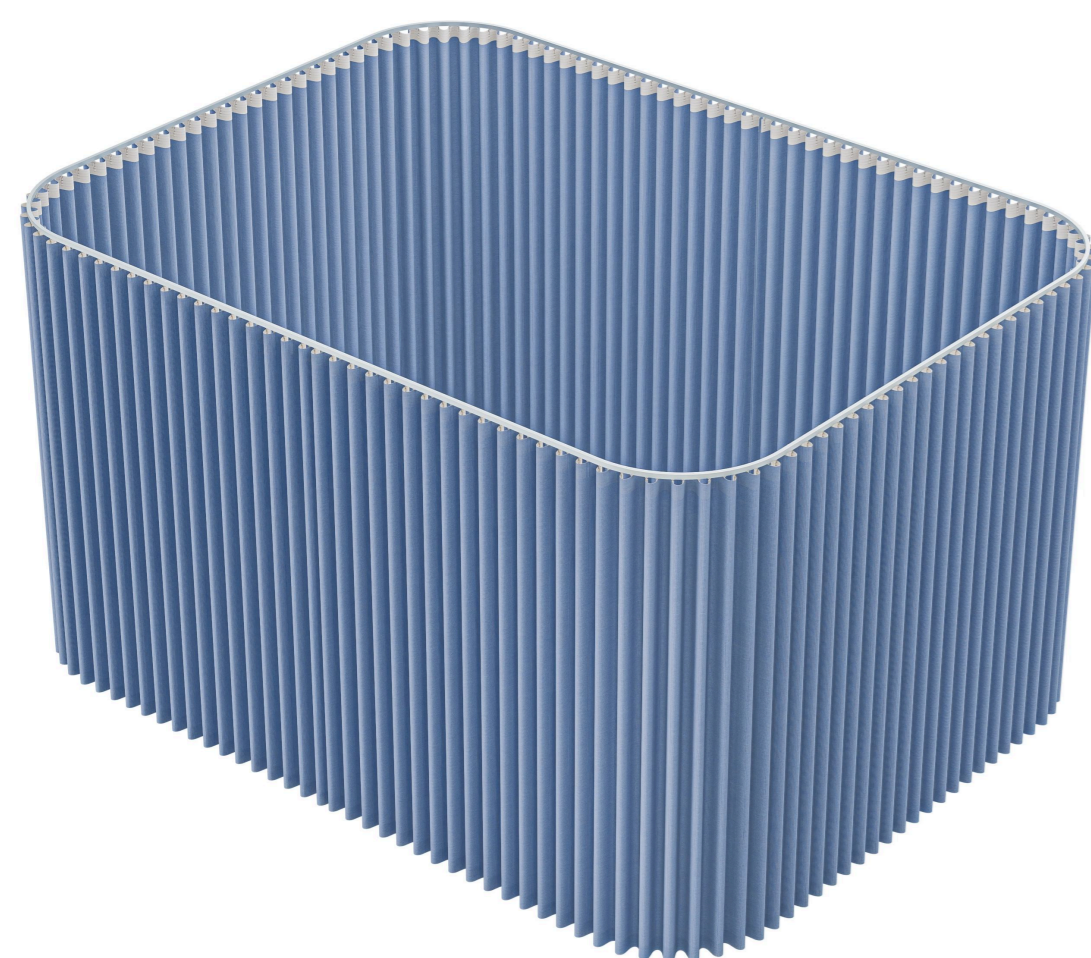

Built for Changing Spaces

Ideal for healthcare, workspaces,
hospitality zones, lounges and
semi-private environments.

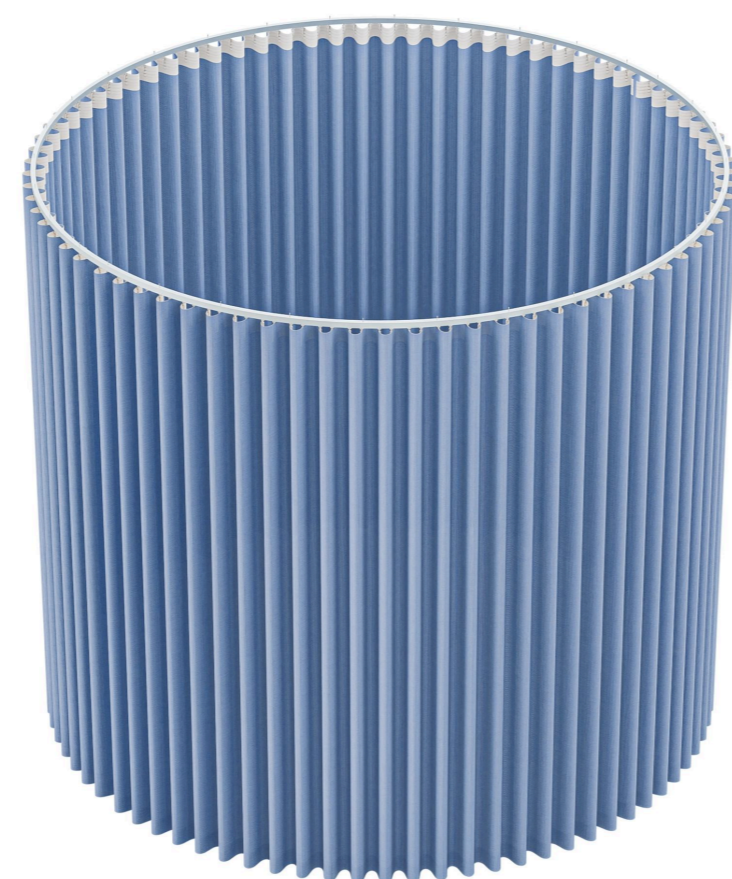

Flexible configurations for different spaces and needs.
